FAR ECHOES

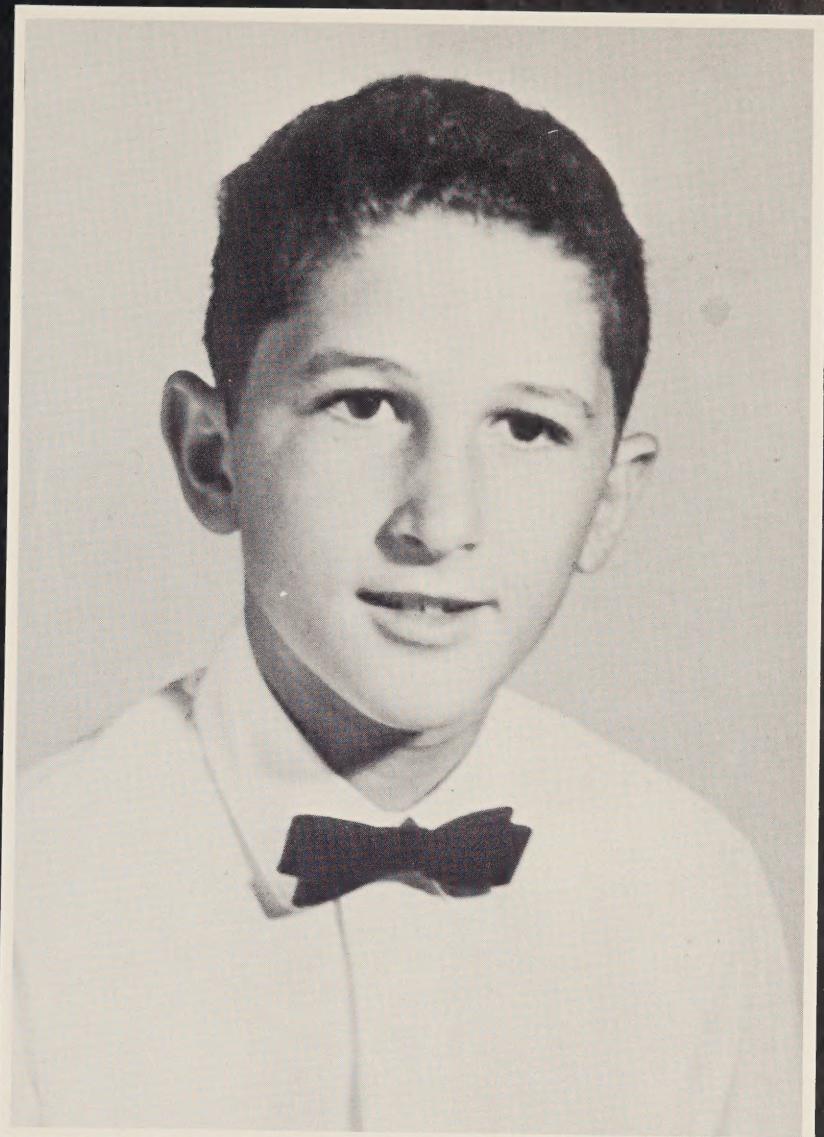

DEDICATE TO...

To Mr. Curtis McCombs, best known to us as "Coach", we dedicate this year's Far Echoes. Mr. McCombs has proven himself worthy of this honor by exerting friendship, co-operation and above all setting examples of honest, clean sportsmanship and character-----things so vital to success. Mere words cannot be said or written to show our appreciation for him, so to him we the Class of 1960 dedicate our yearbook.

IN MEMORIAM

During Henry's short stay on this earth, he exhibited the kind of life that was a near model one. He lived each day as if it were created just for him -----full of life with a bright smile for everyone. His sparkling eyes behind his smile told you he had a purpose in life to fulfill, and we believe he did just that. We do not like to think of him as being gone because we feel that his character and influence will remain with us for years to come.

ADMINISTRATION

PRINCIPALS MESSAGE

Congratulations seniors of 1960 on your luck turning up in space and time just when you did. I know of no era in which young people have inherited a wider uncharted area that is challenging the pioneer and the discoverer. A strong healthy body and good eyes will always be a treasured asset but for you not the necessity that they were to Davy Crockett. Rather, for you, the all-important ingredient for successful pioneering is a strong, alert, healthy, well disciplined mind. I used to envy Daniel Boone for his thrilling encounters with the Indians; but now I would much rather be with you in a space ship or peep over your shoulder as you blaze trails in other wildernesses.

CLASS PROPHECY

"No school tomorrow!" The soundwaves rippled through the air, loudly and distinctly, as the president of the *T.G.I.F. Club bounded off the schoolbus, across the front yard, onto the porch and inside the door.

Friday afternoon always called for a celebration.....two hands full of chocolate chip cookies, a big Orange and off to relax and enjoy no homework, much food, crazy music.....and finally, involuntarily, Dreamland.

Z.....Z.....Z.....These white streaks flashing against the wall.....what are they? Surely not.....it couldn't be.....But it is! Messages, secret messages! And a calendar. What are those fuzzy numerals? One, nine, seven, zero.....1970! Eeek, how exciting!

What's this I see? Go by the Fallspart Furniture Co. and see Miss Ann Luther testing mattresses. This must be a strenuous job as it requires someone who can sleep 24 hours a day.

Reece Harris and Larry Trotter are now working for a construction company laying crossties for the new railroad in Tabernacle.

After having majored in Home Economics, Brenda Cooper has finally mastered the art of preparing instant coffee.

Robert Hill was a pioneer in establishing life on the moon. He recently rocked by in his rocketship by planet earth to pick up Ruth Small and Louise Hunt for a two weeks' vacation.

The numerals are fading away. Now, it is clearer and I see some one training for a circus act. It is Jane Dowd with her dancing rattlesnakes.

After much studying and testing, Jerry Hill has found out how to make sugar sweeter.

Janice Allen and Linda Smithwork part time at the Home for the Aged. There they are now helping old Mr. Robert Allen down the steps, or is he helping them?

Congressman Mack Hunt has just introduced a bill in Congress to improve the educational system of the public schools. It includes provisions for juke-boxes to be placed in all classrooms, teachers to have four days off each week, and three months school only on Saturdays. Supporting this bill also is professor Vernie Thomas.

Darcus Deaton has conquered her worries concerning her competition. She has "Max" anchored at the South Pole, where he's sure to be safe from all other girls.

If you happen to pass through Montgomery County stop by the deer reservation and see the modern cabin built by Donald Kearns. He sleeps comfortably while he waits for the deer to come by.

Lois Hulin has the important job of giving busy signals for Bell telephone.

Am I seeing things or is that Kenneth McDowell? That's Kenneth alright, he's taking charge of the Jackson Creek Y.M.C.A.

Next Saturday will see the gates opening to a beautiful city, the New Thomasville, owned by Vivian Younts, Betty Briles and Pauline Hunt. There is only one problem. If you aren't driving a Ford you will be fined \$50.

Lester McBride who has long been remembered for his quotation "Man is a Dog's best friend," is now in charge of the Mack Road Dog Pound.

Hey! That couldn't be Martha Lewis working in the bakery, or could it? She should have it paid for by this time. There goes a girl in the bakery now. It's Doris Luther. She's lost so much weight I hardly know her. I'll bet she doesn't weigh over 250 pounds.

Ardle Lee Perdue is collecting runs from ladies nylon hose and selling them for shoe shinning rags for suede shoes.

Woops! Here comes a taxi. Why that crazy woman driver! It's none other than Joyce Luck at the wheel.

Buddy Pickett has just purchased a 500 acre skunk farm near Farmer. Happy smelling, Buddy!

Now here is a copy of "Charm" magazine and Evelyn Rush is pictured on the cover. She is modeling the newest, most scrumptious shade of black toenail polish.

Lewis Smith has made a great contribution to the entertainment world by inventing a television for the deaf and blind. You may secure the same effect with your old T.V. by inserting burned out tubes.

A few years have passed and we find Saundra Hoover herding cattle on a farm near Eldorado. She hopes to own her own farm soon.

Those people who worried about a beautiful partnership ending when Roy Smith and Eddy White met their dream girls and married can now relax. They have a duplex apartment. Roy and Eddy on one side and their wives on the other.

There is Denton. Why I believe that's Miss North Carolina riding in the Christmas parade. Yes, it is; it's our own Judy Surratt.

Do your false teeth feel loose after chewing rocks all day? If so, what you need is Stay-Stuck, "the best mouth cement you can buy" says Ralph Newsome, manufacturer.

Willa Holleman, better known to the younger set as "Mother Goose," appears each evening on T.V. telling stories. It doesn't say what kind of stories.

Jerry Trotter has solved the mystery that has had him puzzled for so long. He knows now why white milk comes from cows that eat green grass.

Lifetime contracts have been signed by Betty Kearns and Rebecca Williamson to work for Santa Clause, making doll clothes.

Folks, don't worry if your children get sick, just call Dr. Junior Easter. He's the best horse doctor anywhere.

Here comes news of a flashing discovery. Raeford Snider, famed scientist, has just perfected a method whereby the holes from Cherrios may be preserved and placed on the face while sunbathing to produce more even freckles.

That Janet Voncannon has done it again! Yes, she drove from the Mack Road, up town and back in 6 seconds short. Maybe, when she gets fast enough she will get her driver's license.

Larry Thornburg, president of the Democrats Club, now has his own farm and is raising monkeys. You'll have to admit he has the face for it.

After slaving at home for years, Patsy Smith has found a job at which she can relax. She's working at the Curtis Candy Company tasting every bar before it is wrapped.

At any fine bookstore you may purchase a copy of Tommy Tuttle's latest book entitled, "How to Live on a Shoestring without Hanging Yourself."

"Um...hum-n...yawn" Who called me? What? I've been talking in my sleep? But I couldn't have been.....dreaming? Those visions...the writings.....What? Only a dream? Oh, well, but who's to say dreams can't come true?

*Thanks Goodness It's Friday

CLASS HISTORY

Dear Diary,

I am sitting here recalling the last four years of the class of 1960. First I remember our entering high school. We were eager to begin this new adventure but a little shy at the thought of being "Green Freshmen." As our advisors we had Miss Margaret Upchurch and Mr. Talmadge Williams. We chose as our class leaders Jane Dowd and Jerry Hill. We were then ready to begin work. We were kept busy and had few outside activities. Our freshman year passed very quickly.

We began our sophomore year with a little more confidence. We chose as our presidents, Martha Lewis and Lester McBride. Our advisors were Mrs. Inez Hussey and Mr. C. C. Hancock. We felt that those were ideal leaders, always willing to lend a helping hand. Those receiving the honor of being tapped into the Beat Club were Janice Allen, Jane Dowd, Buddy Pickett, Pauline Hunt, Joyce Luck, Donald Kearns and Eddy White. This year our activities were more numerous with a few more parties and a trip to Charlotte. This activity concluded our sophomore year.

We returned from the summer as Juniors, very much aware of the duties placed upon us. Our president was Eddy White and our sponsors were Mrs. Kathleen McCracken and Mr. Clyde Stutts. Of course, we looked forward to ordering our class rings. We concentrated also on giving our Junior Play entitled "Stars In Their Eyes," which was very successful. We began preparations for the banquet which took place in the Sheraton Hotel in High Point. We enjoyed several successful activities such as a trip to Reynolds Park. We helped with commencement and gave a Candlelight Service honoring the Seniors. We were sorry to see them go, but looked forward to the time when we would take their place.

When we returned to school as Seniors we chose Ardle Lee Perdue as president. Our advisors were Mrs. Inez Hussey and Mr. Robert Allen.

Our attention was then turned to the annual which we were expected to produce. We chose as editor, Eddy White. We worked to make it the best "Far Echoes" ever published. Other activities were the Halloween Carnival and a couple of semi-formal parties. While these activities were fun we still looked forward to the trip to Washington and New York.

As we made preparation for graduation, we felt sadness for having to leave Ole' Farmer High. But we also felt that we had accomplished much in our four years of high school. At the close of our Senior Year we were very appreciative to the teachers, parents, and friends who helped us to reach our goal.....

As I close my diary, I am hoping that as we each go our own way, we may look to God for strength to face the future unafraid....

CLASS POEM

For us, the class of 1960,
The Time has passed so swiftly.
For twelve long years we've had our fun,
But now our life's work has begun.

We're grateful for the things we've done,
But sorry for things we've left undone.
We realize that when we leave,
It will be hard not to grieve.

We shall miss the activities, the work, and
the play,
But hope to grow stronger along our way.
And if we're shy or if we're not,
Let's not forget that our goal is the top.

To the teachers, parents, and principal, too,
We leave our heart-felt thanks to you.
For things you've done and things you've said,
That will make our lives more easy to tread.

Patsy Smith

CLASS SONG

(tune to "Twix Twelve and Twenty)

Twelve years have passed----
And now we're leaving
But we won't forget
Our friends; we've no doubt!

These years we've shared
Are but a beginning
But through living we'll learn
What life is all about.

We shall never forget Farmer
And its heartaches
Or its joys we seemed to
Share from day to day.

So study hard
And while you're trying
We'll be thinking of you
In each and every way.

Kenneth,
I hate to see
this year come to a close.
It's hard to believe we are seniors.
These four years have gone so fast, but
each year has been filled to the top with fun.
This year has been typical there all. It has been an eventful
superb year. Thanks for being an important part of this year.
I shall never forget you and all the wonderful time we have had.
You have been very sweet and understanding. May you get out
of life the things you desire, baseball, music or whatever. Because
you deserve the very best. I hope at will always remain friends.
Here's to what ever life and friendship may bring
